C. Paul's Singular Focus until He Arrived:

Application Questions

1. In this passage we read that Paul is confident that he will be delivered from Prison. He implies there are two ways that this might happen. What are they?
2. What might it look like for Paul to honor Christ in life? In death? What does Paul mean by, "to live is Christ, to die to gain?"
3. What about Paul's experience of Christ allows him to prioritize the Gospel and Christ's honor above his own wellbeing? What guarantees does he have from Christ?
4. The same word translated 'advance' in v. 12 is translated 'progress' in v. 25 (prokoph). In v. 12 Paul is describing how his imprisonment has advanced the gospel, in v. 25 how his freedom will advance the Philippians. Do you expect, like Paul, that God can use you in any situation? Are there times when you have been surprised to see God use you? Are there times you don't expect God to use you?
5. How do your priorities in life affect those around you? Do others see the gospel as a priority in your life and become more confident in the Lord?
6. Think again about the situations God has 'put' you in. Where do you find yourself afraid to speak the word? What does this reveal about your priorities in the situation?
7. What about your experiences of Christ convinces you that to die and be with Him is gain? In what ways has Christ captured your heart with the prospect of fruitful labor?
8. How does it affect you to know that Christ understands, by personal experiences, what you are going through when you suffer for the gospel? Has serving Christ in the gospel ever caused you to experience Jesus more intimately?
9. What changes do you need to make to your lifestyle to demonstrate that the gospel and Christ's honor are your top priorities?
